

Co-create Lessons in Class Groups

● Step 1

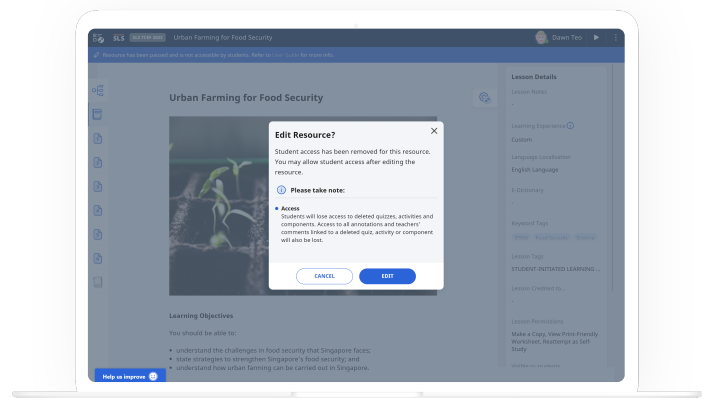

In your teacher-only Class Group, navigate to the 'Resources' tab.

● Step 2

Open the lesson you wish to co-create or co-edit to begin editing.

Note: Only one teacher can edit at a time.

● Step 3

Alternatively, you may have found a lesson you wish to adapt for your own class. Copy it to your My Drive and to continue editing this personal copy.
