

Encourage Curiosity with **Class Groups**

● Step 1

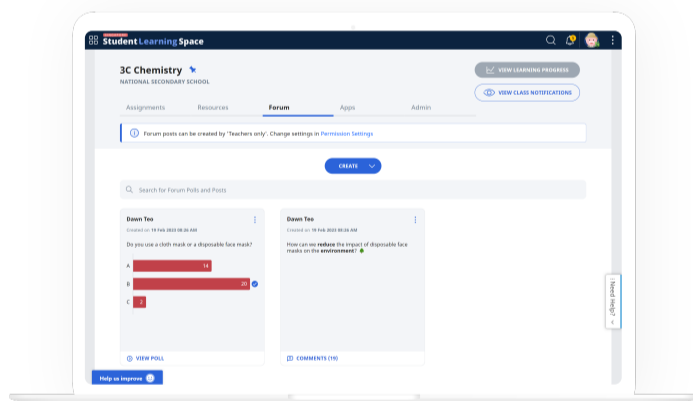

Add supplementary resources and organise them into **Categories** for easy access.

● Step 2

Start a **Forum Topic*** and invite students to respond by posting questions and ideas, perhaps through socratic questioning.

* Coming soon in Release 19, June 2023. Consider using Posts or Polls for now!

● Step 3

Encourage students to consider each others' posts. In your next lesson, consider wrapping up through a guided discussion.
